

Aureo

We allow the industrialization of the supply of change kits with high productivity, minimizing bagging times. Reduces bank handling and risk expenses in manual coins bagging operations to attend to the supply of change kits with total control and traceability. Ideal for cash centers of banks, CIT and industry.

**OUR
PRODUCTS
ENABLE A MORE
EFFICIENT AND
SECURE CASH
MANAGEMENT**

It dispenses all coin denominations in the same module or kit and in a single operation depending on the configuration.

- Feeding of dispensing hoppers through coin elevator.
- Configuration of the modules and customizable and programmable labeling.
- The times of cartridged, the cost of the cartoners, the logistics of the rolls of paper for cartridges, etc. are eliminated.
- It will deliver the kits with the configuration desired by the client.
- With 16 coin dispensers working in tandem, times per kit are optimized (e.g. a module of 8 bags with 500 coins in 50 seconds).
- Keeps a complete accounting of the coins used (by dispenser, denomination, number of bags, number of batches per shift, etc.).

Aureo's User Experience

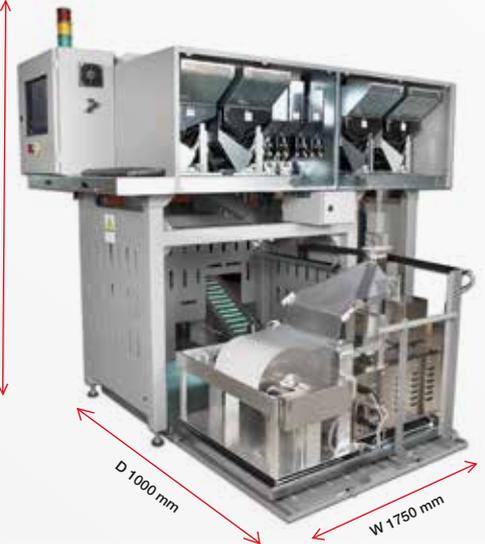

- Intimus consolidates many years of experience in dynamic software that is completely configurable according to the operational needs of customers with different user profiles.

Remote and immediate management through Horus

H 1450 mm

Weight: 450 kg.

The Horus back office platform speeds up the management of high volumes of cash, as well as of the people involved in the different places and process flows.

- Full control and traceability of all operations.
- Statistics and dashboard for machines, users, locations, companies and roles.
- Different user profiles to manage and view information depending on the assigned role, both in machines and in Horus: User, Administrative, Technician, CIT ...
- Custom configuration of roles, users, and geographic area assignments available.
- Alert management.
- Continuously evolving platform.

Specifications	
Main elements	Industrial PC Windows included Anti-vandal 15" keyboard and touch screen Motorized module elevator: the kits produced go directly to the container
Capacity	16 high-speed coin dispensers (10 coins/second) (Standard): 1 cent = 8400 coins
Safety	Emergency switch, visual and audible alarms High reliability industrial bagging system
Dimensions mm (HxWxD) and weight	1,450 * 1,750 * 1,000 without platform 450kg. (1.150kg. full load)
Power supply	220-240 VAC 50-60Hz. 450W
